Tasks and Accomplishments

- G7 Expert has trained at least one designated G7 Master on-site employee on the "G7 Basics" as outlined in the G7 Master Qualification Basics document.
- At least one G7 Master on-site employee understands what G7 is, and can explain the definitions of G7 gray balance and G7 tonality (NPDC.)
- G7 Master on-site employee understands and can explain the difference between the G7 compliance levels "G7 Grayscale," "G7 Targeted," and "G7 Colorspace."
- G7 Master has demonstrated ability to make an accurate proof or color-approval print to simulate a G7-based reference print condition, within tolerances specified by the G7 Master Pass/Fail document.
- G7 Master confirms that all internally generated production proofs contain an Idealliance ISO 12647-7 control target, except where space-prohibited.
- G7 Expert has verified that the G7 Master site has suitable equipment for measuring and evaluating the print quality of proofs and/or production prints.
- G7 Master on-site employee demonstrated to the G7 Expert the measuring, analysis, and recording of proofing and/or production print quality metrics.
- G7 Master has a system for recording process variables in place during G7 calibration, such as plate linearization, ink type, substrate, press settings, etc.
- If color quality is evaluated visually, G7 Master site has ISO-standard D50 lighting (or a custom light source agreed to between print buyer and printer) in good condition.
- G7 Expert has recommended appropriate G7-based settings and custom monitor profiling, where applicable.

I testify that all claims stated on this affidavit are true. I understand the penalties for claims proven to be false regarding the application are revocation of G7 Expert credentials and G7 Master Qualification for a period of not less than 1 year, with no refund of training or application costs.
